Tools and Platforms — GitHub, VS Code, Vercel, Render, Groq AI, Sambanova AI, Clerk AI, Vapi AI, AssemblyAI

PROJECTS

LinkPulse - URL Shortner With Real Time Data Analytics 🔗

May 2026 – Jun 2026

An AI-powered URL management platform featuring custom aliases, password-protected links, real-time visitor analytics, QR code generation, and bulk CSV processing. The platform leverages advanced AI capabilities to provide intelligent insights, optimize link management, and deliver a seamless user experience through an interactive AI Assistant

Tech Stack : MERN | JWT | Bcrypt JS | Sambanova AI | Meta-Llama-3.3

FreelanceFlow - AI Powered Real Time Freelancing and Gig Platform 🔗

Nov 2025 – Jan 2026

A full-stack freelance marketplace enabling clients to post projects and freelancers to bid, collaborate, and deliver work through a structured workflow. The platform includes escrow-based payments, real-time progress tracking, AI-assisted support, whiteboard collaboration, and a rating system to ensure transparency and trust. Designed a complete end-to-end SaaS freelance ecosystem

Tech Stack : MERN | Web Socket | Clerk Auth | SambanovaAI | VapiAI | AssemblyAI | MULTER | EMAIL JS

Library Management System - Console-Based Application 🔗

Jun 2025 – Jul 2025

A console-based library management system designed to manage book records efficiently through structured operations such as adding, searching, borrowing, returning, and deleting books. The system ensures data validation, prevents duplicate entries, and maintains real-time book availability status. It provides a simple and user-friendly interface to streamline basic library operations

Tech Stack : JAVA

INTERNSHIP

FULL STACK DEVELOPER INTERN AT SAIKET SYSTEMS (REMOTE) 🔗

Jan 2026 – Feb 2026

- Developed a React To-Do List application and designed a responsive landing page.
- Created RESTful APIs and integrated MongoDB for efficient data management.
- Designed and deployed a personal portfolio website using Vercel application.

CERTIFICATES

Lean Six Sigma 🔗 — Knowledge of process improvement, waste reduction, and quality management

NPTEL - 72% 🔗 — Introduction to Industry 4.0 and industrial internet of things

The Complete Java Masterclass 2025 🔗 — Udemy Platform

Web Development course 🔗 — Coursera Platform

AWARDS AND ACHIEVEMENTS

Top CGPA Award 🔗

Apr 2025

Secured **3rd Highest CGPA** in the department and received an academic award along with a cash prize

Hackathon (DevSpark) 🔗

Sep 2025

Participated in 24 Hour Intercollege Hackathon and qualified to final round
